

May 14, 2010

IMPORTANT NOTICE

MTA Wireless has an exciting announcement and a great offer for you, our valued customer. Over the next several weeks we will be upgrading our entire wireless network. The network upgrade will enhance service and provide faster data capabilities.

Our records indicate that you have an analog/TDMA wireless phone(s). This upgrade will require that you obtain a new CDMA digital wireless phone as analog service will no longer be supported beginning June 1, 2010.

Please don't delay. Come in to one of our stores to trade your phone for a **FREE Motorola Hint*** or check out one of the great specials we have right now like the rugged **Motorola Quantico or Android HTC Hero,** both for just \$99** with a 24-month contract. We have a variety of other phones to choose from like the LG 100 and the Samsung r100, both free with just a 12-month contract!

Stop by one of our convenient locations in Eagle River, Palmer or Wasilla or call MTA today at 745-3211 or 694-3211 to take advantage of this great offer. You can also visit our website at www.mtasolutions.com to place your order online and a Sales Consultant will contact you when your phone is ready for pick up.

We appreciate your business and look forward to continuing to serve you!

Sincerely,
MTA Sales & Customer Service

*While supplies last. Requires activation and 12-month contract.

**Requires activation of unlimited data plan.
